47. **LEAD-BASED PAINT DISCLOSURE:** Housing built before 1978 may contain lead based paint. Lead from paint, paint chips and paint dust can pose health hazards if not taken care of properly. Lead exposure can be especially harmful to young children and pregnant women. Florida Law allows for the TENANT to get a lead-based paint inspection and, upon determining that lead-based paint exists, the LANDLORD then have seven(7) days to cure the problem or the TENANT may choose to be released from the current Lease, with all the regular vacancy rules in effect.

48. **RADON GAS DISCLOSURE:** Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon gas that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon gas may be obtained from your county public health unit.

49. **MOLD DISCLOSURE:** Mold consists of naturally occurring microscopic organisms which reproduce by spores. Mold breaks down and feeds on organic material in the environment. The mold spores spread through the air; the combination of excessive moisture and organic matter allows for mold growth. Not all, but certain types and amounts of mold, can lead to adverse health effects and/or allergic reactions. Not all mold is readily visible, but, when it is, it can often be seen in the form of discoloration ranging from white to orange and from green to brown and black. Often there is a musty odor present. Reducing moisture and proper housekeeping significantly reduces the chance of mold and mold growth.

50. **INDEMNIFICATION:** Management shall not be liable to the TENANT or any other person or property occasioned by any defects in the dwelling and the TENANT agrees to hold Management and its Agents harmless for any and all claims from any such damages, whether or not the damage occurs on or off the premises.

51. **DEFAULT:** If the LANDLORD fails to comply with any of the applicable provisions in this Lease, then the TENANT may, at his option, seek any and all remedies as provided by Law.

If the TENANT fails to comply with any of the applicable provisions in this Lease, then the LANDLORD may, **at his option**, immediately consider the TENANT to be in DEFAULT of this Lease and this Lease will thereby be considered to have been terminated and the LANDLORD can commence any legal action as necessary to recover the property. The TENANT will then be responsible for all liabilities as defined elsewhere herein this document, in several appropriate paragraphs herein, and in the now-terminated Lease. The LANDLORD may also be entitled to any other recovery as defined by law.

Further, if the TENANT is found to be in DEFAULT, in addition to any other remedies available by law, the TENANT will be responsible for any leasing fee or commission charge which LANDLORD may incur in attempting to re-rent the premises.

NOTE: If the TENANT is in DEFAULT due to any form of **Early Termination**(eviction, abandonment, 'stepping-out", etc.), then the LANDLORD can, in addition to any other remedies available by law, charge the TENANT a **Liquidated Damages Fee** equal to **TWO(2) months' rent**. As a TENANT in DEFAULT due to Early Termination, you have 2 choices:

I **AGREE** to pay Liquidated Damages as defined above, By agreeing, I understand that the LANDLORD waives his right to collect additional rent.

I **DO NOT AGREE** to pay Liquidated Damages as defined above, I understand that the Landlord can seek any and all past, present and future additional rents as provided by law.
